

Install notes

Version: 01.00.17

Date: 12th July 2017

The software consists of 1 file:

1. M1000-M-DAB_01.00.17.fif
2. mObridge DAB - Basic-0.7.21-win32.msi

The mObridge Update Wizard should be used to perform the software update for software versions 1.0.16 and below.

The “mObridge DAB - Basic” can be used to perform the update for future versions, unless stated.

More information regarding the flash update procedure can be found on our website at: <http://mObridge.us/wizard>
