

mObridge Product Features

Product Series ▶ M2.Pro ▶ MOST® & CAN BUS iPod, USB, Bluetooth & Aux

The mObridge M2.Pro Bluetooth & Multimedia product is quite simple the ultimate MOST and CAN bus platform available on the market today supporting Mercedes, BMW, Porsche, VW and Audi. The M2 Pro now adds USB MP3 playback, iPod Lightning jack support and complete iPhone Bluetooth music browsing. The M2.Pro supports USB hubs so it is possible to run both USB memory sticks and the iPod at the same time in addition to having an iPhone connected in over Bluetooth simultaneously. The M2.Pro now also gives the unit the ability to do automatic software upgrades from any Android and iPhone device.

Features Include

CD-QUALITY AUDIO

Delivers high-fidelity CD-quality audio output from your iPod to your factory car stereo.

STEERING WHEEL COMMANDS

Allows you to control iPod / Bluetooth functions from the steering wheel controls equipped with the vehicle.
